

## Hydraulic Weighing System

- Load cell with scale, 12" dial ,20' hose
  - Force Flow Model 12D50-TGO : for Ton Vessel
  - Force Flow Model 12D10-TGO : for Single 150 Vessel
  - Force Flow Model 12D15-TGO : for Twin 150 Vessel

**Maintain as per manufacturer's instruction.**

- Pivot Plates
  - Force Flow, 6" x 6" base

**Maintain as per manufacturer's instruction.**

- Optional SCADA Capability
  - 4-20 mA transmitter with power supply

**Maintenance and adjustments as per manufacturer's instructions**

## Electronic Weighing System

- Load cell with display, 4-20 mA SCADA transmitter, 20' hose
  - Force Flow Model Wizard 4000 : for Ton, Single 150, Twin 150 Vessels
  - Force Flow Model PC-160-Dual-TGO :for Dual 150 Vessel (NO pivot plates)

**Maintenance and adjustments and as per manufacturer's instruction.**

- Pivot Plates
  - Force Flow, 6" x 6" base

**Maintain as per manufacturer's instruction.**
